

ALZHEIMER'S RESEARCH STUDY

Does someone
you love have
Alzheimer's
Disease?

Over 4,000,000 American's suffer from Alzheimer's Disease, and researchers are actively pursuing future effective treatments.

If someone you care about has become more confused or forgetful, or has already been diagnosed with Alzheimer's Disease, they may be eligible to participate in a research study being conducted in our area. The study will evaluate an investigational medication for those with Alzheimer's.

Qualified participants will receive study medication and study related medical care at no cost. Participants may also receive compensation for time or travel. Health Insurance is not needed to participate.
